### Message from Your Manager

April is finally here which means summer is chasing behind. I am looking forward to camping season. I love nature and listening to the different birds, watching them nest .

I also love to walk in the river bottom and look for porcupines. It was only a couple of years ago that I realized they slept in trees when its sunny. So you will see me walking and looking up. lol

Our TAX Clinic was in March. Thank you KPMG for all your help. On that note. Please remember to give a copy of you Notice Of Assessment as soon as you get it. I should have them all by June 1st as per Policy. Also do not give out any personal information to anyone over the phone. TAX TIME = SCAM TIME. BE CAREFUL!

### Emergency Preparedness - Alternate Holding Areas

In the event that the building is evacuated for any reason, the Foundation has arrangements made for alternate holding areas. Once everyone is accounted for outside the building, residents and staff will be transported to another nearby facility.

Should evacuation of geographical area (for example: downtown) be declared, the alternate holding areas will be locations outside of the evacuation area.

For more information, please see your Manager.
