Welcome April. We have been waiting for you.

Lots of stuff is happening this month. I will not be here for the first week as I am actually going to Finland for the annual Wife Carrying World Championships. This is an amazing event that I try to do every year. I actually placed 2nd in 2016 and am hoping to take the title this year.

Lets all have an amazing month.

### **Spring is in the Air**

What do you like most about Spring? Write it down and let Kerry know. We'll make a Spring memory board.

#### **Did you know:**

The weather helps you smell things more strongly. In the spring, there is more moisture in the atmosphere which not only helps keep scents in the air longer, but it also makes it easier for you to smell them.

#### **Emergency Preparedness - Alternate Holding Areas**

In the event that the building is evacuated for any reason, the Foundation has arrangements made for alternate holding areas. Once everyone is accounted for outside the building, residents and staff will be transported to another nearby facility.

Should evacuation of geographical area (for example: downtown) be declared, the alternate holding areas will be locations outside of the evacuation area.
