

Black Rock News

June 2021

From your Assistant Manager,

Welcome to June, the official month of summer! Father's Day, Seniors' Week, and lots of barbecues are planned on our lovely patio.

If we are lucky, the weather will cooperate to help make those events extra fun, but if it doesn't, we will enjoy them anyway!

A special wish to all of the dads, granddads, and great-granddads of Black Rock Terrace for the important role you play in your families. Happy Father's Day!

In your honour, here are some "dad" jokes:

- I ordered a chicken and an egg from Amazon. I'll let you know which came first.
- I spent a lot of time, money, and effort childproofing my house... but the kids still get in.
- I had a dream that I was a muffler last night. I woke up exhausted!

Karen Mahar

Gayle D.	June 9
Betty B.	June 29

**Our birthday party will be on Friday,
June 11 at 3:00 p.m.**

We are proud to announce that at the recent Volunteer Lethbridge – Volunteers of YQL Awards evening, our own Kate T. was honoured and recognized in the “Leaders of the Community” category. Kate is an avid volunteer at Pemmican Lodge and has been a volunteer since she was in grade 2 when she volunteered with the People for Animal Welfare (PAW). It is no wonder that Kate was recognized for helping to build a stronger community by volunteering and being a shining light and inspiration to others. Well done Kate! The residents at Pemmican certainly appreciate your assistance.

During the Volunteers of YQL awards evening, Green Acres Foundation was also honoured. The Foundation was recognized in the “Business Supporter” category for demonstrating social responsibility in our practices as well as for promoting and facilitating volunteerism.

Emergency Preparedness - Loss of Cooling

In the event of mechanical breakdown resulting in a loss of cooling particularly in warmer weather, procedures are in place to minimize the impact on residents. Residents can assist to keep the building as cool as possible by keeping windows securely closed when the temperature outside is 25° C or warmer. Keeping window coverings closed during daylight hours will help to keep the suite from heating up from the sun.

Residents should dress lightly, turn off unnecessary lights, and may be moved to the coolest area of the building, which may be the basement. Cool liquids will be provided to residents throughout the day.

In the event the situation cannot be resolved for a longer period of time, the Foundation may request that residents contact a family member to stay with until the situation is resolved.

Please see your manager if you have any questions or concerns.
