

Blue Sky News

June 2021

From your Manager,

Happy June everyone!

I would like to start by welcoming our newest residents. Thank you for making our facility your new home.

Summer is just around the corner! This month, we will be celebrating Seniors' Week. There will be barbecues, outdoor entertainment, and many fun games so be sure to come out and partake in all the fun! We also celebrate Father's Day this month. I would like to wish every dad in our lodge a **Happy Father's Day!**

Thank you to those residents who have given me their 2020 Notice of Assessment. Please remember that these are due by June 1st every year.

Yumara

| Golden | Hilda G. | June 22 |
| | Rose Anne G. | June 23 |

**Our birthday party will be on
Tuesday, June 15 at 1:30 p.m.
at Golden Acres.**

We are proud to announce that at the recent Volunteer Lethbridge – Volunteers of YQL Awards evening, our own Kate T. was honoured and recognized in the “Leaders of the Community” category. Kate is an avid volunteer at Pemmican Lodge and has been a volunteer since she was in grade 2 when she volunteered with the Kids Help Phone. It is no wonder that Kate was recognized for helping to build a stronger community by volunteering and being a shining light and inspiration to others. Well done Kate! The residents at Pemmican certainly appreciate your assistance.

During the Volunteers of YQL awards evening, Green Acres Foundation was also honoured. The Foundation was recognized in the “Business Supporter” category for demonstrating social responsibility in our practices as well as for promoting and facilitating volunteerism.

Emergency Preparedness - Loss of Cooling

In the event of mechanical breakdown resulting in a loss of cooling particularly in warmer weather, procedures are in place to minimize the impact on residents. Residents can assist to keep the building as cool as possible by keeping windows securely closed when the temperature outside is 25° C or warmer. Keeping window coverings closed during daylight hours will help to keep the suite from heating up from the sun.

Residents should dress lightly, turn off unnecessary lights, and may be moved to the coolest area of the building, which may be the basement. Cool liquids will be provided to residents throughout the day.

In the event the situation cannot be resolved for a longer period of time, the Foundation may request that residents contact a family member to stay with until the situation is resolved.

Please see your manager if you have any questions or concerns.
