

Pemmican News

October 2021

From your Manager,

At this point in time, the lodge is a full blown construction zone. All areas are off limits to residents so please stay clear of the barriers in place.

The stucco/siding replacement is starting to take shape.

The front entry is all dug up in order to fix the slumping in this area and stop the water from leaking into the boiler room.

The parking lot cracks were filled last month. Thank you everyone for moving your vehicles, it was very helpful.

Window washers have come and gone, and sprinklers are blown out for another year.

Now it's time to enjoy some Thanksgiving turkey and some trick or treat fun, games, and entertainment. Cheers all!

Roger Hacıor

Residency & Service Agreement

Emergency Preparedness - Loss of Power

In the event we lose power in the lodge, we have plans in place to ensure continuation of services. There are several things you can do to stay safe:

- ◆ Remain calm.
- ◆ Ensure you have a flashlight in your suite and check on a regular basis to ensure the batteries are still working.
- ◆ If you are on oxygen, ensure you have adequate supplies and use your portable tanks until power is restored.
- ◆ Ensure your windows are closed and secured to help retain heat.
